The offender has not complied with the following condition(s) of supervision:

Violation Number	Nature of Non-Compliance
	None

U.S. Probation Officer Action: Due to the offender's participation in the instant offense for which he is on a term of supervised release he is subject to deportation proceedings, despite his status as a resident alien. The offender indicated no desire to fight deportation and has requested permission to return to his native Dominican Republic in the first week of October 2012, where he will be re-united with his wife and three children. It is his intention to remain there and not return to the United States. The Probation Department is supporting the offender's request and we've consulted with Christopher Cafarone, Assistant U.S. Attorney, who did not object to this proposed self deportation. The undersigned has discussed the matter with immigration officials and they've advised that the offender 's name will be flagged, which will ensure that the Probation Department is notified if the offender returns to the United States, during his term of supervised release. The offender will also be directed to report in person to the Probation Department.

The undersigned probation officer has secured the offender's passport and will provide same to offender if the Court approves the offender's self deportation request. The offender satisfied the special assessment and has presented compliance with all the conditions of supervised release.

Respectfully submitted,
